Certificates of Service

1884 – 1905

**Reproduced courtesy of the
*National Archives of Australia: Series B5537, Volume 1***

The following certificates of service were photographed by *Friends of the Cerberus* in 2009 from a microfilmed copy created for the *National Archives of Australia*. The certificates are reproduced as a pdf file with the permission of the *National Archives of Australia*.

The records are in numerical order starting at number one. It would appear that the existing force was entered into the new recording system and then newcomers enrolled in date order as they joined. The number for each individual should be visible above and to the left of the word Certificate. Each record consists of two pages which are not opposite each other. Both pages bear the name of the relevant individual.

Records numbered 279 to 308 are particularly difficult to read and have not all been deciphered yet.
